PROFESSIONAL PROFILE

Bachelor of Science in Information Technology student majoring in Data Science at Richfield Graduate Institution of Technology. Passionate about using technology and data-driven solutions to solve complex problems. Skilled in Python, SQL, data analysis, machine learning fundamentals, and collaborative project work. A quick learner with strong analytical, communication, and teamwork skills, eager to apply technical knowledge in a professional environment while continuously developing new skills and contributing to meaningful projects.

EDUCATION

Bachelor of Science in Information Technology (Data Science)
Richfield Graduate Institution of Technology
Expected Graduation: 2027

Relevant Modules: Machine Learning • Programming • Big Data & IoT • Information Systems • Statistics for Data Science • Database Systems

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL

Data Analytics: Pandas, NumPy, Matplotlib, Streamlit, Data Analysis, Data Visualization, Data Cleaning, Machine Learning Fundamentals

Software & Tools: Git, GitHub, Visual Studio Code, NetBeans, Jupyter Notebook, Microsoft Excel, Word, PowerPoint, Outlook

ACADEMIC PROJECTS

Student Performance Analysis Dashboard

- Analyzed and cleaned student performance data using Python, Pandas and NumPy.
- Created data visualizations with Matplotlib to identify trends.
- Developed an interactive dashboard using Streamlit.
- Managed project versions using Git and GitHub.

Campus Event Management System

- Developed a Java-based console application using object-oriented programming.
 - Implemented file handling for data storage and retrieval.
 - Tested and debugged the application to improve functionality and reliability.
-

Professional skills

- Analytical Thinking
- Problem Solving
- Learning Agility
- Team Collaboration
- Communication
- Accountability
- Adaptability
- Time Management
- Attention to Detail
- Continuous Learning
